Market Perceptions of Each Division

Third sales division

Cover western Japan area

- In Fukuoka, the favorable market condition continues.
- In Nagoya and Osaka, price adjustments have occurred due to restrained purchases by income real estate firms.
- In, Kyoto, price has turned downward from a high range due to an oversupply of accommodation facilities

Second sales division

Cover Hokkaido and Sendai areas

- In Sapporo, prices in some areas began to fall from high levels, and the volume of information for us also increased.
- Stricter lending attitudes of local financial institutions for real estate

First sales division

Cover Kanto area

- Price hikes continued in the 5 wards in the metropolitan area.
- In the residential area, purchase of old unutilized properties increased due to the lowering seller's price requirement.

To save and protect children from abuse and poverty,
we donate a part of leasehold land sales.

Consider with educational institutions how to eliminate abuse and poverty and how to protect children.
→ We support children suffering from their fraught family situation so that they can live with peace of mind and build a brighter future.

What is rights adjustment?

To better understand Sansei Landic's business, consider a relationship between a cup and a saucer. While a cup alone is useful and so is a saucer, the value maximizes if they are used together as one. Our business offers higher value by combining cups (land lease right) and saucers (leasehold land) that are separately used.
